

NUSHARP™
A cutting edge supplier

**ELECTRICIAN'S
SHEARS & KNIVES**
series

MULTI PURPOSE ELECTRICIAN'S SHEARS

FOR SHEARING

Cable tie, Soft cable up to 50mm², Copper sheet up to 0.5mm thick, many other materials and stripping insulation

909

- Full length : 138mm (5 1/2")
- Cutting length : 42mm (1 5/8")
- Cutting capacity : 50mm² copper wires
- Bolt made of SUS 302 stainless steel cold forged non-slip grip lines and notch on outer blade to clean electrical box
- Crimping function to crimp 0.5~4mm² terminal

Easy cut the soft cable up to 50mm²

A notch on outer blade to clean electrical box.

Crimping to 0.5-4 mm²

942

- Full length : 138mm (5 1/2")
- Cutting length : 42mm (1 5/8")
- Cutting capacity : 50mm² copper wires
- Blades made of high carbon stainless steel with molybdenum and vanadium, HRC 58~60
- Serrated blade for gripping materials
- Handles made of Nylon with 30% fiberglass and TPR overmolded

PROTECTIVE SHEATH

Easy cut the soft cable up to 50mm²

MULTI PURPOSE ELECTRICIAN'S SHEARS

SPECIFICATIONS

- Blades made of high carbon stainless steel with molybdenum and vanadium, HRC 58~60
- Bolt made of JIS SCM 435 alloy steel (class 10.9)
- Serrated blade for gripping materials

FOR SHEARING

Soft cable up to 22mm², Insulation materials, Electrical tape, Cable tie, many other materials and stripping insulation

946  

- Full length : 138mm (5 1/2")
Cutting length : 42mm (1 5/8")
- Handles made of Nylon with 30% fiberglass

PROTECTIVE SHEATH

946 820   

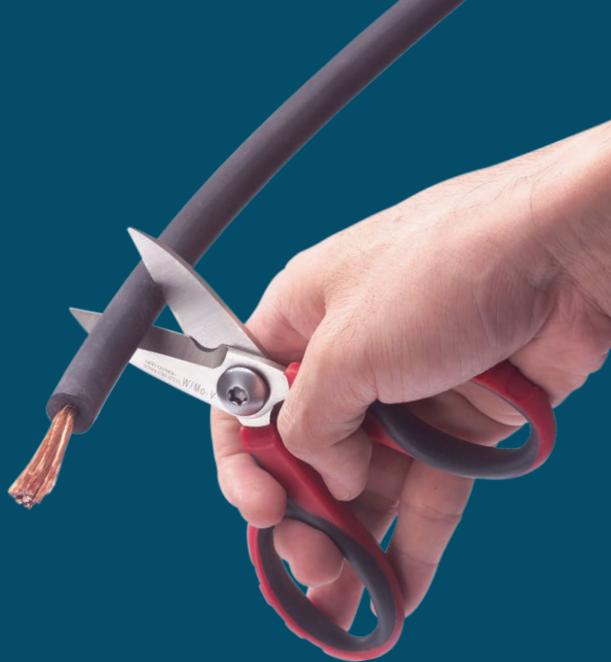

- Full length : 138mm (5 1/2")
Cutting length : 42mm (1 5/8")
- Handles made of Nylon with 30% fiberglass and TPR overmolded

PROTECTIVE SHEATH

948   

- Full length : 155mm (6 1/8")
Cutting length : 60mm (2 1/2")
- Handles made of Nylon with 30% fiberglass and TPR overmolded

Wire cutting notch holds the wire from being pushed forward.

Lower blade micro-serrated for cutting without slippage

LIGHT DUTY CABLE CUTTER

SPECIFICATIONS

- Blades made of SUS 420J2 stainless steel with heat treatment, HRC 50~54
- Bolt made of SUS 302 stainless steel cold forged
- Lock nut made of SUS 302 stainless steel
- Washer made of SUS 420J2 stainless steel with heat treatment

FOR SHEARING

Soft cable, Animal nail, Rope, Cord, Wood sticks, Dowel rods, many other material ropes

OPTIONAL FUNCTION:

- * Wire cutting notch is optional to #936 and #936 220
- * Capability is up to Ø2.5mm soft metal wire
- MOQ: 3,000pcs

NUSHARP™
A cutting edge supplier

933 MINI

Full length : 128mm (5")

Cutting length : Ø8mm (5/16")

- Handles made of polypropylene

936

Full length : 165mm (6 1/2")

Cutting length : Ø10mm (3/8")

- Handles made of polypropylene

936 220

Full length : 165mm (6 1/2")

Cutting length : Ø10mm (3/8")

- Handles made of polypropylene and TPR overmolded

Stripping cable up to 50mm OD

Metal guide shoe leads the cutting edge straight

991 SUBMARINE

PRO CABLE STRIPPING KNIFE For Communication Cable

Easy-cut serrated tip that breaks into the PLASTIC jacket easily.

Serrated teeth helps break into the cable jacket with slippery surface for the first cut.

SPECIFICATIONS

Full length : 172mm (6 4/5")

Cutting length : 50mm OD

- Blade made of high carbon stainless steel with molybdenum and vanadium, vacuum hardened HRC 58~60, precision-ground for long-lasting edge
- Handle and finger holder made of Nylon with 30% fiberglass
- Serrated tip breaks into plastic cable jacket easily
- Metal guide shoe set under the jacket leads the cutting edge straight without damage the internal wires

FOR STRIPPING

Cable up to 50mm OD,

Wires from gauge AWG 10~20, SWG 12~21

993 CRUISER

PRO CABLE STRIPPING KNIFE For power cord

Retractable presser foot guides the blade to slice open the RUBBER jacket.

To slice open the rubber jacket stably and straightly by retractable presser foot.

SPECIFICATIONS

Full length : 172mm (6 4/5")

Cutting length : 50mm OD

- Blade made of high carbon stainless steel with molybdenum and vanadium, vacuum hardened HRC 58~60, precision-ground for long-lasting edge
- Handle and finger holder made of Nylon with 30% fiberglass
- Retractable presser foot guides the blade to slice open the rubber jacket

FOR STRIPPING

Cable up to 50mm OD,

Wires from gauge AWG 10~20, SWG 12~21

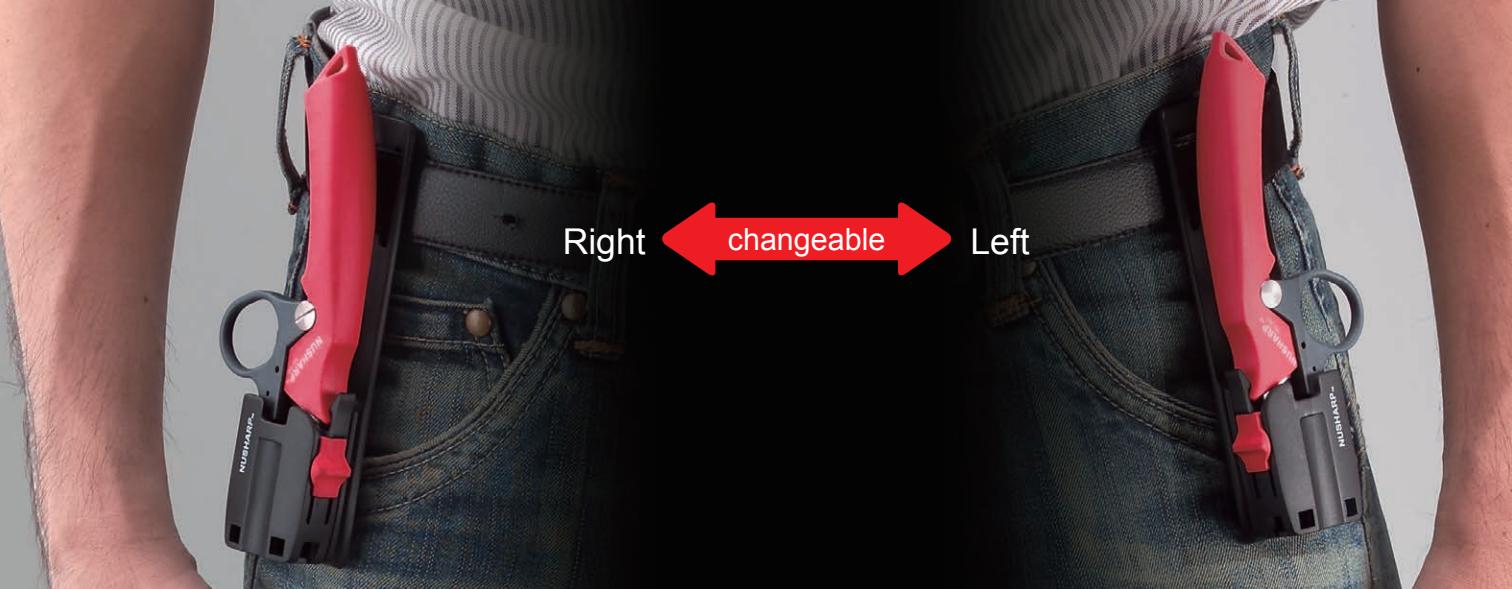

NUSHARP™
A cutting edge supplie

Stripping cable up to 50mm OD

Retractable presser guides the blade to slice open the cable jacket

POUCH-PACK

For #991 / #993

INNOVATIVE :

- Pouch on the package, pouch can be hooked on the belt without unbuckling
- Pouch material made of pure PC for the ease of recycling

#991 + #946820
#993

#991 #993

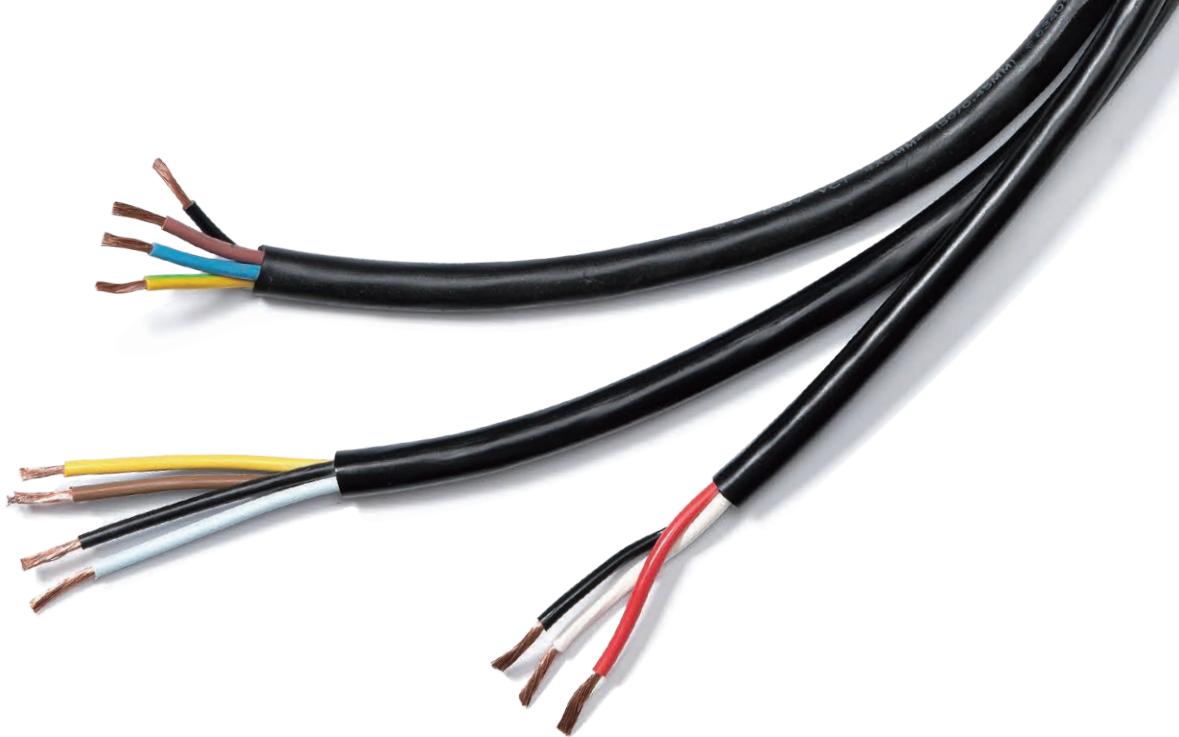

POUCH-PACK

For #909 , #946 , #946 820 , #956 , #956 520 , #942 , #966

INNOVATIVE :

- Pouch on the package, pouch can be hooked on the belt without unbuckling
- Pouch material made of pure PC for the ease of recycling

We build and sell trust!
